

Cloud contact center solution that fits the way you work

Fully customizable with no user coding required, our platform is equipped with powerful features to level up the full scope of your contact center activities.

Why companies love working with VCC Live

SET-UP AND SELF-MANAGEMENT

“Integration takes little time and we never need IT support – we can quickly tweak everything ourselves.”

Head of Customer Support, Waberer

FEATURES AND PRODUCTIVITY

“We’re reaching over 30% more customers through features such as the predictive dialer.”

Head of IT CEE, Telemarketing International

REMOTE WORK AND MONITORING

“We moved 2,000 employees to remote work in just days and now manage them better than before!”

Planning & Forecasting Manager, Provident
